

Proceeds from the event will be donated to Charities detailed below. Any Raffle Prizes or donations would be very greatly appreciated

A team of doctors and paramedics carry life-saving equipment on board the helicopter and critical care cars. This means they take an emergency department directly to the scene of some of the most serious incidents in Lincolnshire & Nottinghamshire. Their crews work closely with the ambulance service, first responders, Police, Fire & Rescue and other emergency services such as HM Coastguard.

Whether beachside, roadside or in the countryside, day or night, they are by your side when you need them the most.

Lindsey Lodge Hospice provides care for adults with life limiting illnesses and aims to provide specialist palliative care for day and inpatients to the highest standard, consisting of symptom management, emotional support and end of life care.

They provide a wide range of services including symptom management, physiotherapy and a lymphoedema service. As well as complimentary therapy, nursing and practical care, emergency care, end of life care, and bereavement and family support services.

To donate a raffle prize for this event please contact Kendra on **07534 946859** or email **kendra@portalsafety.co.uk**.

Alternatively, donations can be handed in to reception at
The Wortley Hotel
